MECHANICAL ATTACHMENTS

Telescopic Jib Boom for Forklifts

Telescopic jib boom attachment designed to extend the reach and lifting capacity of forklifts. The robust body, multiple hook points, and extendable boom system offer safe operation in various job sites.

MODEL TABLE

Model	Part Code	Capacity (kg)	Load Center (mm)	Hook Height (mm)	Closed Boom (mm)	Extended Boom (mm)	Li (mm)	A (mm)	Weight (kg)
020AH	AH002000	6000	340	900	900	885	3075	230	210
030AH	AH003000	6000	384	900	900	900	3075	241	220
040AH	AH004000	6000	384	900	912	650	3075	230	290
030AH	AH003000	6000	334	900	921	650	3075	250	250
030AH	AH006000	6000	333	900	963	673	3075	260	330

HOOK POSITIONS AND LIFTING CAPACITIES

There are 12 different hook positions along the boom for each model. The table below shows the lifting capacity based on hook position.

Model	1	2	3	3	5	8	6	7	6	9	18	11	12	15
020AH	530	1000	1170	1340	1510	1510	1805	2345	2245	233	260	255	395	330
030AH	1445	1200	1000	1395	1340	1190	1130	695	595	620	650	670	650	425
040AH	2195	1800	1350	1595	1340	1500	1950	1550	1070	975	954	984	325	780
060AH	9515	3000	2050	2565	2240	2240	1890	1580	1395	1330	1335	1170	108	1090

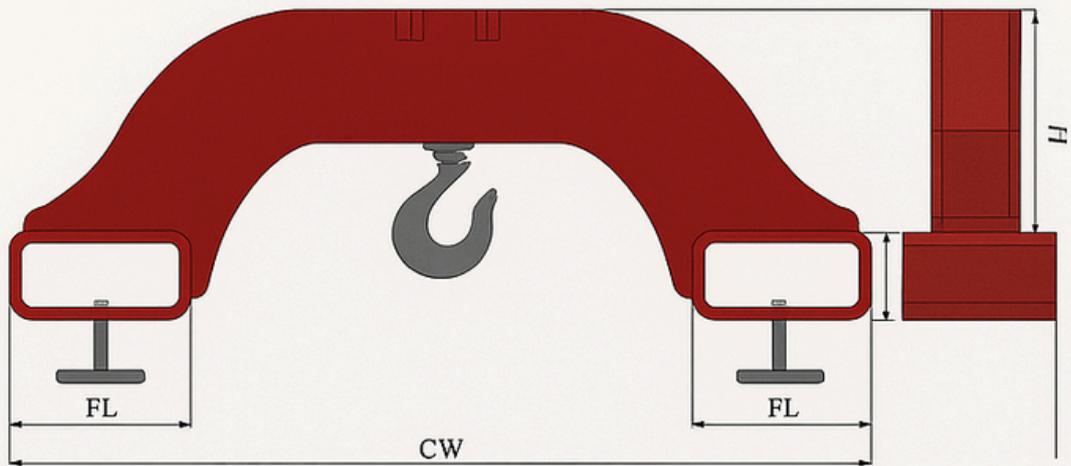

This attachment makes it possible to lift loads beyond the tips of forks.

MECHANICAL ATTACHMENTS

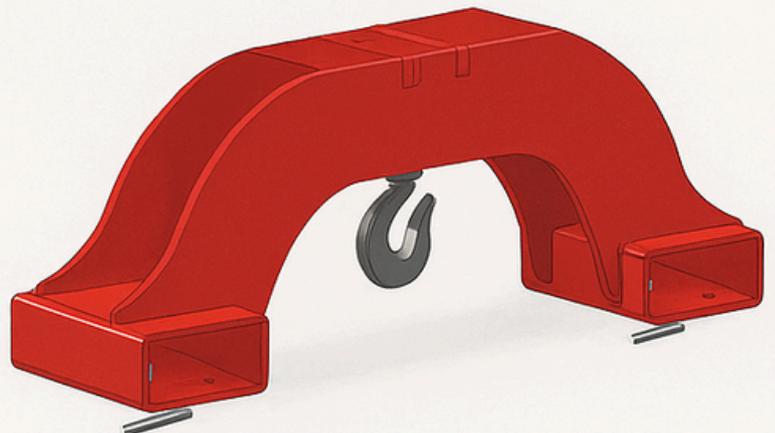

Crane Hooks

Designed to effectively increase the lifting and positioning capabilities of forklifts.

Model		Capacity (kg)	Hook	Height	Width
025AX	AX002500	2500	2500	160/60	860
040AX	AX004000	4000	4000	160/60	854

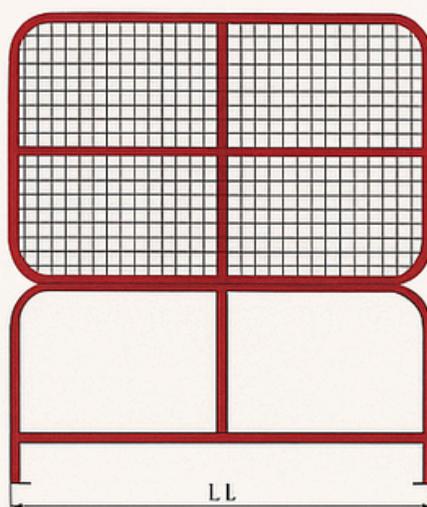

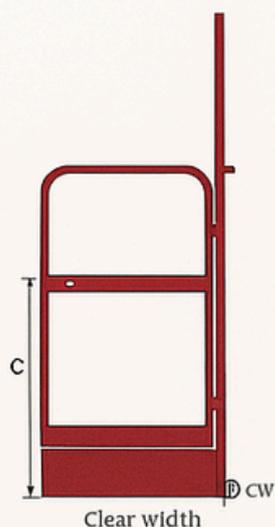

- Provides a quick and economical method of lifting and positioning unpalettised loads
- Its location along the forks can be adjusted with ease

MECHANICAL ATTACHMENTS

Working Platforms

Designed to transform forklifts into efficient platforms for installation work carried out at elevated positions.

Model	Part Code	Capacity (kg)	Fork width (mm)	Height	Width	Price
002WP1	WPIX0200	200	135/60/850	1120	1200	1200

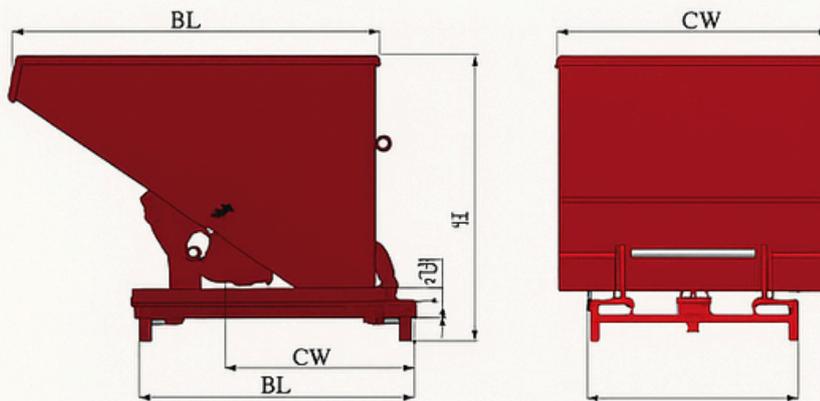

- Has fork pockets, allowing for easy installation onto the forks.
- Lockable gate with self-closing mechanism.
- Heavy-duty mesh safety guard.
- Delivered with certificate.

MECHANICAL ATTACHMENTS

Dumping Buckets

Dumping bucket attachments for forklifts designed to help dispose of materials with a safe and automatic dumping system.

MODEL TABLE

005BK ² X0800	BK050800	0,5m ²	0m ²	620	080	100	250
008BK ² X1000	BK081000	0,8m ²	0m ²	800	1345	1320	190
010BK ² X1150	BK011100	1,0m ²	1,0m	960	1150	1250	1156
015BK ² X1500	BK151200	1,5m ²	1,5m	1060	1697	1697	1422

Attach the bucket to your forklift forks and easily dump waste thanks to the automatic tipping system.
